VERO BEACH RECREATION COMMISSION MEETING
Tuesday, January 8, 2019 – 4:00 p.m.
City Hall, Council Chambers, Vero Beach, Florida

AGENDA

1. CALL TO ORDER

2. APPROVAL OF MINUTES

   A) November 13, 2018

3. PUBLIC COMMENT

4. NEW BUSINESS

   A) Review of Annual Report

5. OLD BUSINESS

6. RECREATION DIRECTOR’S MATTERS

   A) Recap of the Christmas Drama
   B) Gymnastics Registration – January 19, 2019
   C) Mother Daughter Tea Party – January 26, 2019

7. CHAIRMAN’S MATTERS

8. MEMBER’S MATTERS

9. NEXT MEETING DATE

   A) Next Recreation Commission Meeting Date – February 12, 2019

10. ADJOURNMENT

This is a Public Meeting. Should any interested party seek to appeal any decision made by the Commission with respect to any matter considered at such meeting or hearing, they will need a record of the proceedings and that, for such purpose, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. Anyone who needs a special accommodation for this meeting may contact the Americans with Disabilities Act (ADA) Coordinator at 978-4920 at least 48 hours in advance of the meeting.
VERO BEACH RECREATION COMMISSION MINUTES  
Tuesday, November 13, 2018 – 4:00 p.m. 
City Hall, Council Chambers, Vero Beach, Florida

PRESENT: Chairman, Richard Yemm; Vice Chairman, Sue Dinenna; Members: Bobbi Burdick, Alternate Member #1, Greg Holtan, and Alternate Member #2, Garett MacMillan (arrived at 4:05 p.m.) Also Present Recreation Director, Rob Slezak; Assistant Recreation Director, Patty Howard; Assistant City Attorney, Stefanie Beskovenye; and Senior Administrative Assistant, Rita Hawkins

Excused Absence: Judy Jones  
Unexcused Absence: Brooke Malone

1. CALL TO ORDER

Chairman Yemm called today’s meeting to order at 4:00 p.m. and the Senior Administrative Assistant performed the roll call.

2. APPROVAL OF MINUTES

A) September 11, 2018

Mrs. Burdick made a motion to approve the minutes of the September 11, 2018 Recreation Commission meeting. Mr. Holtan seconded the motion and it passed unanimously.

3. PUBLIC COMMENT

None

4. NEW BUSINESS

None

5. OLD BUSINESS

A) Parks and Recreation Master Plan by Outside Consultant

Mr. Rob Slezak, Recreation Director, stated that he has some information regarding the Master Plan and he will cover his items first and then he will provide them with the recommendations from the City Manager and the Engineering Director, because they could not attend today’s meeting. Mr. Slezak said he will cover the items the Recreation Department is looking at for the future. He explained that the future of the Playgrounds looks like it will be covered through private funding. Mrs. Burdick asked Mr. Slezak for more information on that. Mr. Slezak explained that they have found enough contributions from foundations to pay for it all. Mrs. Burdick asked if that is for new capital projects or for maintenance. Mr. Slezak replied that it is for new capital. Mr. Holtan asked if it is the same group that was doing one (1) playground at a time. Mr. Slezak replied no, that was Go Play Vero and they did a wonderful job. He explained that they have had the Whitaker Trust for a long time and now every year they can use the money they earn in interest to pay for upgrades and repairs to the different facilities. He said that
they have the funding for work to be done at Royal Palm Pointe this year and a new playground at Troy Moody Park for next year.

Mrs. Burdick asked what work is being done at Royal Palm Pointe. Mr. Slezak explained that they will be doing some work on the building and possibly paying for some fencing.

Mr. Slezak stated that the Charles Park addition is the biggest item of all the Parks. Every year they put it in the five (5) year plan and eventually they will get the work done on that four (4) acre piece of land. Mr. Yemm asked if the request for the engineering work to be done on the Charles Park extension has been submitted as part of the plan. Mr. Slezak stated that it was removed, but he will put it back in for next year’s budget. The second big item is the Dodgertown property. They believe that the Dodgertown and the Power Plant properties need to be community driven and then the Recreation Commission and the City Council can guide it along to make it happen. He said that the Recreation Department is trying to generate more revenue to pay for itself and it is a difficult to do. They try to provide recreation for those who might not otherwise be able to afford it. He explained that they found a couple of things to help offset some of their costs. One thing they are exploring and working on is naming rights. Ms. Stefanie Beskovoyne, Assistant City Attorney, put together a nice draft, and they are passing it through the required City Departments and then they are hoping the City Council will approve it. Right now they have been approached by three (3) groups or organizations who are very interested in the possibility of naming rights of City facilities. They are also trying to raise funds by charging for the rental of the small pavilions and to use the Royal Palm Pointe fountain. They put out signs in late October and they are getting a lot of feedback from the public, so he is not sure how long that will stay in effect. He said that Mr. O’Connor and Mr. Falls would like the Recreations Commission’s ideas before they come to a future meeting.

Mrs. Burdick said they have given them ideas before. Mr. Slezak suggested putting them down on paper and presenting them.

Mr. Yemm stated that they have never defined what a Master Plan would involve. Mr. Slezak said that is correct and he believes that is what Mr. O’Connor and Mr. Falls are looking for.

Mr. Yemm said it is important to everyone if they are going to use a consultant and they go to the City Council to recommend they do a request for a proposal. It helps if they can narrow the scope of what they will expect of a consultant. Mr. Slezak said the idea was brought up about having a community workshop so the public can provide their input on what they would like to see for the Parks and the Recreation Department facilities. If they have a Pre-Master Plan meeting with the public and they combine their ideas with the Recreation Commission they can submit it to Mr. O’Connor and Mr. Falls.

Mr. Yemm said the suggestion or recommendation for a Master Plan came from some of the City Council members and some significant people in the community, but nobody defined what they are looking for in a Master Plan. It was brought to the Recreation Commission so they can set up parameters and take it back to the City Council. He thought they would have a discussion with the City Manager, the Planning Director, and the Engineering Director and use their experience to set up the parameters.

Mr. Slezak said he thinks it is important to have the ideas presented from the public before they invite the City staff to a Recreation Commission meeting. Mr. Yemm said it sounds like they
need to have public workshop. Mr. Slezak said that is what he was hearing from Mr. O'Connor and Mr. Falls this morning.

Mrs. Burdick asked if they should include the Dodgertown and the Power Plant properties. Mr. Slezak said he would include everything and allow the public to speak on all of the Recreation facilities and Parks.

Mrs. Dineno said she would be surprised if anyone showed up. The Recreation Commission invited the public to give their ideas for the Power Plant site and nothing was done with it.

Mr. Yemm said they came up with a list of recommendations and two (2) years later it was disregarded. They can make a recommendation, but he believes the City Council will be surprised on how much a consultant will cost. The consultant will cost about $100,000 and will come in with great ideas, but if the City has no way of funding the projects what good is it. He believes that money should be used to update, improve, and maintain the Parks and facilities.

Mrs. Dineno said it will be hard to get the public to attend a meeting between now and the end of the year. It will be after the first of the year before they have the City Council settled in.

Mr. Yemm said he believes they need to try to get public input, but he does not want to spend a lot of time spinning wheels either. They need to come up with a plan of where they want things to go and how they want to address it and then move it forward to the City Council. The realization is the cost of bringing in a consultant and he believes they will have a hard time justifying it.

Mrs. Burdick said it looks like Mr. Slezak is basically on his own for getting money for the operation of the Recreation Department.

Mr. Yemm said his recommendation is to set up a Public Workshop in January or February. Their next meeting following the workshop will involve the City staff to formulate a recommendation based on all the input from the public, the Commission, and the City staff. Their recommendation will be written up and submitted to the City Council.

Mr. Slezak said they can provide a full list of all the Park and Recreation areas and ask for input or suggestions on all of them.

Mr. Yemm stated that if they have a recommendation they can put it in writing and submit it to the City Council at a City Council meeting, so they can elaborate on it and answer any questions. This way the Recreation Commission’s part of the Master Plan will be complete and it will be up to the City Council on how they want to proceed. He asked the Commission members if they agreed that this is the procedure they want to adopt. The other Commissions members agreed.

6. RECREATION DIRECTOR’S MATTERS

A) Recap of the October Gymnastics Mini Session

Mrs. Patty Howard, Assistant Recreation Director, stated that the gymnastics mini session was very popular and she would recommend doing it again if the schedule allows for it. She reported
that the last gymnastic registration for the Christmas Drama was on November 3, 2018 and they filled up in 45 minutes. Every single class is full to capacity.

Mr. Yemm asked what is the percentage of City verses County participants. Mr. Slezak replied that it is 60 percent County and 40 percent City. Mrs. Howard said that the County residents pay a lot more and they receive a lot of scholarship requests that they try to accommodate.

Mr. Yemm asked if the programs are paying for themselves yet. Mr. Slezak stated that if they are not including paying for the staff then yes, so the rate of return is better than the average they have ever seen before.

Mr. Yemm said it would be great if they could find space to expand, because the demand exceeds the availability. Mr. Slezak said as a long-term goal that would be great.

Mrs. Dinenno asked if they have given up on the blue building on the Power Plant property. Mr. Slezak replied no, but they will have to wait until they have closure on the electric utility sale. The building is still being utilized, so they are in a transition period and he does not know where they stand.

Mr. Yemm asked if the Dodgertown facility has been emptied out. Mr. Slezak explained that it has been cleaned, but it is not empty and they are still using it. They are working on it, but they are also waiting on some final decisions.

**B) Recap of the Halloween Parade**

Mrs. Howard reported that the Halloween Parade was held on October 27, 2018 in downtown. They had 500 to 600 people who participated. Mr. Slezak said that they had a very creative bunch of people this year and many of them said they will be back next year. He explained that next year’s Halloween Parade will be a giant event, because it is on the actual day of Centennial Anniversary of the City.

**C) Christmas Drama**

Mrs. Howard announced that the Christmas Drama will be on December 20th and 21st at 6:00 p.m. both evenings. The performances will be held at the Vero Beach High School Performing Arts Center and she hopes to see everyone there.

**7. CHAIRMAN’S MATTERS**

Mr. Yemm stated that they need to set a date for the public workshop. Mrs. Burdick asked if they want to schedule a separate meeting or have it in conjunction with their regular meeting.

Mrs. Dinenno suggested having it in the evening about 6:00 p.m. so that the people who work can attend.

Mr. Yemm said that they will probably cancel their regular meeting when they have the workshop. Mrs. Dinenno asked if they can hold their regular meeting at 6:00 p.m. The Administrative Assistant replied that she will check to make sure that is okay.
Mr. Yemm said they could have it on the second Tuesday in January or February, which will be January 8, or February 12. The Commission members tentatively selected January 8, 2018 at 6:00 p.m. to hold their regular meeting/public workshop.

8. MEMBER’S MATTERS

Mrs. Dinenno explained that there have been a lot of complaints on facebook about the amount of litter on the beach and the lack of signage about not littering. Mr. Yemm asked if there is a City Ordinance about leaving litter on the beach. Mr. Slezak replied that there is an Ordinance. He explained that the large signs at the main entrances to the beaches probably say “Do not litter”, but probably not at every crosswalk going to the beaches. Mrs. Dinenno said they would not have to give out many citations for the word to get out. Mr. Slezak said the problem is enforcement and the lifeguards cannot be the ones to do that.

Mrs. Dinenno said that on the Dog Park facebook page there have been some comments of the potential loss of some of the Dog Park property to the Marina. Ms. Beskovoyne stated that she is probably just reading something on facebook and it is a rumor. Mrs. Dinenno said she was not clear on everything, but there have been discussions about the City leasing the Marina so there might be some truth in the talks. Mr. Slezak stated that he will send a note to Mr. O’Connor to see if there is any truth to it.

Mrs. Dinenno explained that the Art Club will be doing a mural at the Water Treatment Facility. They will not be starting it until after the Under the Oaks Art Festival, because they want a much more detailed mural involving the ecosystem.

Mrs. Dinenno stated that they had their first planning meeting for the Under the Oaks Art Festival and the new permit costs were brought up. The group was a little defensive, but they were okay with the increase as long as part of the money goes back into improving the Park. Mr. Slezak replied that the Parks are part of the General Fund, so some of that money will go back into the Parks.

Mrs. Dinenno stated that an ongoing problem they have during the Under the Oaks event has been the cleaning and stocking of the women’s restroom. The women refuse to let the Grounds Maintenance Department close the restroom for a few minutes to clean and restock the supplies. The facility is always a mess by midday. Mr. Slezak replied that he will try to get an attendant to clean the restroom twice a day, but someone from the event might need to step in and assist with closing the restroom.

9. NEXT MEETING DATE

A) Next Recreation Commission Meeting Date – December 11, 2018

The next Recreation Commission meeting is scheduled for December 11, 2018.

10. ADJOURNMENT

Today’s meeting adjourned at 4:37 p.m.

RE: 2018 Annual Recreation Commission Report

To be provided by Chairman Yemm
Mission Statement

The Recreation Commission shall advise and assist the City Council regarding the leisure needs and interests of the citizens. In its advisory capacity, the Commission shall conduct open public meetings as a means of identifying and delivering recommendations to the City Council concerning the extensive programs and usage of Parks managed by the City Recreation Department.
City of Vero Beach Recreation Commission

The Recreation Commission is currently working with a full board of five (5) full members and two (2) alternate members. The Recreation Commission meets most months on a project driven basis and the meetings are normally held on the second Tuesday of the month at 4:00 p.m. at City Hall. The Commission held five (5) regular meetings and two (2) special calls meeting this year to carry out their responsibilities, as an advisory board for the City’s recreational needs and issues.

Commission members are appointed by City Council based on their expressed interest and demonstrated support of various recreation programs. Commission member’s roles include, but are not limited to:

1. **Ceremonial** – Attending various parks and recreation events: i.e., dedications, programs, professional meetings

2. **Participatory** – Direct involvement with various aspects of the City’s recreation programs

3. **Visionary** – Serve as the pulse of the community relative to needed leisure services, appropriate fee structures and awareness of budget process needed to deliver comprehensive programs

4. **Advisory** – The Recreation Commission, in its advisory capacity, conducts open to the public meetings as an avenue of identifying and delivering recommendations concerning the extensive programs conducted by the City Recreation Department

### 2018-2019

## 2018 Project Report

<table>
<thead>
<tr>
<th>Task:</th>
<th>Review Increased Recreation Program and Community Event Maximum Rates</th>
</tr>
</thead>
<tbody>
<tr>
<td>Action:</td>
<td>In February Mr. Rob Slezak, Recreation Director, presented the Commission with the fee and rate changes that he prepared for the City Council to consider. Mr. Slezak explained the rate structure for first time events versus repeat events and the duties of the Recreation Department for special events. He proposed raising the maximum rates allowed for some programs without raising the fees they are currently charging. His proposal also included increasing the costs of other programs, but keeping them affordable so they still have maximum participation. Mr. Slezak explained that a City Council member was exploring options of how to offset costs at Leisure Square. Residents of the community that attended the meeting spoke out about their concerns of the possibility of privatizing Leisure Square.</td>
</tr>
<tr>
<td>Outcome:</td>
<td>Mr. Slezak accepted the feedback and comments from the Commission members on the rate changes. The new fees and rates will be presented to the City Council. The Recreation Commission has not been approached by any organization or nonprofit group showing an interest in Leisure Square.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Task:</th>
<th>Pickleball at Riverside Park</th>
</tr>
</thead>
<tbody>
<tr>
<td>Action:</td>
<td>In February Mrs. Sue Dinenno, Recreation Commission, made a presentation to the Commission proposing that the tennis courts at Riverside Park be striped for Pickleball because it is a huge and growing sport. She explained that the pickleball players could use those courts when they are not being utilized for tennis. Many people from the community, both pickleball and tennis players, attended the meeting to voice their opinions. The tennis group did not want the courts lined for pickleball, because it is distracting and it is hard to teach tennis on a multi-purpose court. Mrs. Mary Collosino, Director of Pickleball University, explained that they were putting together a presentation for the City Council on utilizing the old Dodgertown property. They would like to build 16 to 20 courts on that property. She also asked the Commission to recommend that two (2) more pickleball courts be made available at Riverside Park to help free up the congestion they are encountering on the courts at Pocahontas Park.</td>
</tr>
<tr>
<td>Outcome:</td>
<td>The outpour of support for both sports was greatly appreciated by the Recreation Commission, but no recommendations were made. The Recreation Commission has not been provided with a follow up the development of any new pickleball courts by the Pickleball University.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Task:</th>
<th>Staff Meeting</th>
</tr>
</thead>
<tbody>
<tr>
<td>Action:</td>
<td>In April, the Recreation Commission met at the Community Center to receive input and suggestions from the Recreation Department staff. Recommendations made by the Vero Beach Lifeguards included going to 10-hour lifeguard shifts during the summer, the purchase of two (2) more Automated External Defibrillators, repairing and painting of the lifeguard towers at Jaycee and South Beach Parks, and replacing one (1) paddleboard. The lifeguards will also need new radios that meet the requirements of the new Communications International System that they will be</td>

6 | Page
switching to by the year 2020. Other items on their wish for the future include the purchase of jet skies, more storage space at South Beach, and new lifeguard towers at Jaycee Beach and South Beach. The main request for the Center Stage building at Leisure Square is to have a larger parent viewing room. It was reported that the Recreation Department has been performing the Aerial Antics Circus for over 40 years and they have been using the building for almost 20 years. It was suggested that the City conduct a service cost evaluation study and operation of the Parks and Recreation Department, because the last one was done in 1992. It was also suggested that the City reinvest in memberships to organizations and associations who are coming up with solutions to solve some of the City’s current recreation problems. The first item for Leisure Square is to upgrade all of the gym equipment, because it is over 20 years old and it is hard to find replacement parts. Other requests included expanding the Leisure Square offices, redesigning the lobby, and turning the Tuff Room into administrative offices. Wish list items for Riverside Racquet included new laminate flooring in the Pro Shop, painting the Pro Shop building, refurbish or get new doors on the restrooms, hiring a maintenance person who can stay at the facility until 5:00 p.m., purchasing new shirts for the Recreation Department staff, filling the permanent part time clerical position at the Riverside Racquet Tennis Complex, and raises for all the part time employees. Long-term goals include resurfacing the tennis courts in 2020 and doing something with the permanently closed and unsafe racquetball courts.

Outcome: The recommendations made by the Recreation Department staff were taken into consideration when the Recreation Department’s budget was presented to the City Council during their budget hearings.

Task: Review Year End Recreation Department Report

Action: A Special Call meeting took place in May to review and discuss the year-end Recreation Department Report prepared by Mr. Slezak. He provides an updated report to the Recreation Commission and the City Council every year. This year’s report was very comprehensive and professional. Mr. Dick Yemm, Recreation Chairman, recommended that the report shows what positions are filled by full time and permanent part time employees to make the report easier to read. The report contained great job descriptions and a comparison of where the Recreation Department is today compared to 2002 when they split from the County. Currently the Recreation Department staff consists of 26 employees compared to 47 after the split in 2002. It was reported the number of maintenance staff has dropped from seven (7) to two (2) employees and they can only do what is necessary for maintenance repairs, or for future projects. The ultimate goal is to provide recreation for all those who may not be able to afford it. Mr. Slezak is trying to raise the rates of the programs to increase revenue, but also keep them affordable for those who are struggling financially. The report showed how the staffing levels have fallen, the budget has decreased, the demand for assistance with increasing community events has risen drastically, and the beach attendance has gone way up.

Outcome: The Recreation Commission voiced their recommended changes to the report and Mr. Slezak explained other changes he was also going to make. The updated report was presented to the City Council.
<table>
<thead>
<tr>
<th>Task: Budget Review</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Action:</strong> At the May Special Call meeting, Mr. Rob Slezak, Recreation Director, also reported on the Recreation Department’s budget. The Commission discussed the Recreation Departments Mission Statement and a motion was made and passed unanimously to add the word “affordable” to the statement. Mr. Slezak went over the pages of his new proposed rate schedule and explained the new higher maximum rates that were applied to some programs. The Commission recommended applying the new proposed maximum rates for the Riverside Tennis as the new rates starting in 2019. They also recommended increasing all the monthly membership rates even more, because private clubs do not offer monthly memberships. The Commission agreed to increase the monthly City resident and non-resident single adult rates, the monthly family membership fees, and the annual membership fees. Mr. Slezak also discussed the budget worksheet and stated that he was requested to provide a zero change budget. He explained the changes to the budget and that he will be meeting with other departments to discuss the items on the five-year capital improvement list.</td>
</tr>
<tr>
<td><strong>Outcome:</strong> A motion was made to adopt the fees rate schedule as they were amended at the meeting and another motion was made to adopt the budget proposal with the amendments. Both motions passed unanimously. The Recreation Department’s budget was presented to the City Council during their budget hearings.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Task: Riverhouse Discussion</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Action:</strong> The Recreation Commission held a Special Call meeting in July at the request of a City Councilmember to discuss the future plans of Riverhouse, which is located in MacWilliam Park. At the May 15, 2018 City Council Meeting, a City Councilmember directed the City Manager to enter into discussions with Mr. Alden Bing, Orchid Island Brewery, about his interest in a concession at Riverhouse. Many concerns were discussed including having a commercial business in a Park, alcohol, parking, environmental impact, and safety. Mr. Jim O’Connor, City Manager, informed the Commission that the terms, conditions, and restrictions were not discussed. The Commission also voiced their concerns about exposing all City Parks to commercial business, alcohol being served so close to children’s activities and a school, congestion, and noise. Several concerned citizens also spoke about their concerns pertaining to selling or leasing City assets, the City Charter protecting the Park, drunk drivers, the amount of water that is used by a brewery, and how would a brewery blend with all the recreational activities in the Park. The citizens and the Commission members all agreed that the fundamental purpose of the City Parks is to have green space and recreation, so they were not in favor of this concession. Mr. Rob Slezak, Recreation Director, also gave an update on the repairs being completed on Riverhouse. He explained that due to the possible concession agreement they were only renting out Riverhouse until December 18, 2018.</td>
</tr>
<tr>
<td><strong>Outcome:</strong> A motion was made based on the strong public outcry at the July 12, 2018 Recreation Commission meeting, the Recreation Commission is strongly opposed to any commercialization of Riverhouse. The motion was seconded and it passed unanimously. Mr. Yemm presented the motion to the City Council at their next City Council meeting.</td>
</tr>
</tbody>
</table>
Task: Parks and Recreation Master Plan by Outside Consultant

Action: At the regular meeting in September the Recreation Commission discussed the subject of having a Master Plan done on the City Parks and Recreation facilities by an outside consultant. It has been seriously discussed and brought forward by members of the City Council and a number of people in the community. Mr. Rob Slezak reported that the last time the Recreation Department had a Master Plan done was in 1992. It was an in-depth study that cost $50,000 to $100,000. It is estimated that today the basic cost for a study would be $80,000. If they do an analysis it will involve the Public Works Department, the Planning Department, the City Manager, and the City Council. Most of the Commission members agreed that a Master Plan would be beneficial, but they were not sure if it would be worth the cost and if the money could be better spent on the current facilities.

Outcome: The Commission recommended inviting the Public Works Department and the City Manager to their next meeting to discuss the adequacy of the Parks system, the facilities, and the utilization of them. No motions were made and the Commission tabled the item until their next Recreation Commission meeting.

---

Task: Parks and Recreation Master Plan by Outside Consultant

Action: In October the Recreation Commission again discussed having a Master Plan done. Mr. Slezak stated that it was recommended that they hold a public workshop before they invite the City staff to a Recreation Commission meeting. They need to list all the ideas presented from the public so the Commission can define what they are looking for in a Master Plan and set up the parameters before they take it to the City Council.

Outcome: The Commission scheduled a public workshop for January 8, 2019 at 6:00 p.m. to get input from the citizens.

---

Task: Recreation Programs and Events

Action: Attended community recreational events including, but not limited to Memorial Day, July 4th, Veterans Day, Performing Arts and gymnastic performances, Mother/Daughter Tea Party, Junior Staff Recognition, Halloween Parade, dedications, downtown and beach events, dog park events, etc.

Outcome: Ongoing throughout the year.
