

Information on
Florida Hardest-Hit Fund (HHF)

1) What is Florida HFA Hardest-Hit Fund (HHF)?

Florida Housing Finance Corporation (Florida Housing) was directed by US Treasury (Treasury) to create and administer foreclosure prevention assistance programs that address the unique issues of our state. Treasury requires that Florida use a portion of these funds specifically for targeted unemployment programs that provide temporary assistance to eligible homeowners.

2) What Programs are available?

Florida Housing has two programs:

Unemployment Mortgage Assistance Program (UMAP)

Loan funds can be used to pay monthly mortgage and escrowed mortgage-related expenses (i.e., property taxes, homeowner insurance, and mortgage insurance) until the homeowner can resume payments or for up to six (6) months, with a cap of \$12,000, whichever occurs first. A homeowner participating in the UMAP will be required to pay 25 percent of his/her monthly income toward the monthly mortgage payment, with a minimum payment of \$70 per month.

Population to be served: Homeowners who are unemployed, underemployed or have had a reduction of income through no fault of their own, and are experiencing a financial hardship. Use of funds: Pay the monthly first mortgage payment.

Mortgage Loan Reinstatement Payment (MLRP) Program

Loan funds can be used to bring the past-due first mortgage current; up to \$6,000 will be paid.

Population to be served: Homeowners who have been unemployed, underemployed. Verification that homeowners will be able to make their payments will be required. Homeowner must meet eligibility and program underwriting guidelines and must complete a hardship affidavit. Use of funds: MLRP funds will be used to bring a delinquent mortgage current for a homeowner who has returned to work or recovered from underemployment and can now resume the monthly mortgage payment(s) based on his/her new income. This type of assistance is appropriate when the homeowner needs help only to bring the mortgage and/or mortgage-related expenses current.

3) What are the eligibility requirements?

Eligibility requirements are organized in three areas: (1) Household eligibility requirements; (2) Property eligibility requirements; and (3) Mortgage eligibility requirements.

Homeowners must meet **all criteria** within each category to qualify. However, homeowners who meet all eligibility criteria **are not guaranteed approval** for UMAP/MLRP assistance; homeowners can still be denied eligibility by their mortgage company.

- Must have an active checking or savings account that can be debited by the ACH method of funds transfer.

IN ADDITION: The borrower and/or co-borrower, through no fault of their own, must have experienced a financial hardship. 4) How do I apply?

To apply for financial assistance from the fund, you will need to use our web-based system from a computer with Internet access. The website address is www.FLHardestHitHelp.org; this site contains all the information you will need to begin your application for assistance, with step-by-step instruction and prompts to help you. If you do not have access to the Internet from your residence, public computers can be found throughout many communities at public libraries, schools or educational centers, or government-run facilities in your county.

Once you log onto the website, you will need to follow the prompts provided for each step of the process and fill in the required information to the best of your knowledge. You do not have to do this all at once; you may save your work and log on as many times as you need to complete the intake information, prior to clicking the “submit” button. Since you are completing information related to your financial situation, it will be necessary for you to have the following documents readily available:

- Information about your first mortgage, such as your monthly mortgage statement;
- Information about any second mortgage or home equity line of credit, or other liens on the house;
- Your most recent income tax return (for self-employed borrowers);
- Information about your checking and/or savings accounts, and other assets; and
- Information about the monthly gross (before tax) income of your household, including recent pay stubs, or documentation of income you receive from other sources, such as unemployment compensation.

5) What happens once I complete the application?

Once you complete the required information on the website, you will be contacted by a HHF Advisor to set up an appointment to review your information. If you did not send the required documents electronically, including e-mail or fax, you should be prepared to bring them with you to your appointment. Please keep in mind that interest in these programs is high, so your appointment may be set for several weeks after you are initially contacted.

6) How much assistance is available for me?

A homeowner may receive a maximum of \$12,000 in UMAP funds and/or a maximum of \$6,000 in MLRP funds. If the homeowner received funding from the UMAP program, any unused funds (up to \$12,000) may be used in addition to MLRP funds to help bring the first mortgage current. The funds used to pay the monthly first mortgage payment or the first mortgage past due amounts will be disbursed by Florida Housing directly to the loan servicer on behalf of the homeowner.

7) What are the terms of the assistance?

UMAP/MLRP program funds will be in the form of a 0%-interest, deferred-payment loan that will be subordinate to current mortgages on the home. The loan is forgiven at a rate of 20% starting 18 months after acceptance into the program (over a five-year period).

Additionally, a homeowner in the UMAP will be required to pay 25 percent of his/her monthly income toward the monthly mortgage payment, with a minimum payment of \$70 per month. This will be collected via an automatic debit of the homeowner's checking or savings account each month. This partial payment will be combined with HHF funds and sent to the homeowner's mortgage company. If a homeowner fails to make this partial payment, they will be terminated from the program.

The UMAP/MLRP loan must be paid back if your home is sold prior to the end of the loan period and there are sufficient proceeds from the sale to pay all superior secured loans. Florida Housing will agree to make the UMAP/MLRP loan subordinate for homeowners who refinance their first mortgage to receive more favorable loan terms. However, if a homeowner refinances the first mortgage loan to consolidate debt or receive cash out, the homeowner will be required to repay the UMAP/MLRP loan according to the loan terms.

8) Will a homeowner who receives HHF financial assistance through the UMAP and/or MLRP programs have to pay the money back?

See answer for Question 7.

9) What follow-up is required for the HHF programs?

For each month while mortgage payments are being made on your behalf, you will need to certify with your HHF Advisor that you are still unemployed/underemployed and experiencing a hardship. This will be done by checking unemployment records, bank statements current paystubs and other appropriate documentation of your situation or circumstances. If meetings are canceled and the required documentation not submitted to your HHF Advisor in the timeframe provided, you will be terminated from the program.

10) I am more than 180 days delinquent on my first mortgage; can I still apply to receive HHF financial assistance?

No. You must not be more than 180 days delinquent on your home's first mortgage at the time of application. It may be helpful for you to contact a housing counselor in your area to discuss the other options that may be available to you. A list of federally approved housing counseling agencies can be located using a link on the HHF website at www.FLHardestHitHelp.org, click "Find a Counselor."

11) Can a homeowner be a part of another program (HAMP, other loan modifications and/or trial periods) and still apply to receive Hardest-Hit Fund financial assistance?

You cannot be participating in a HAMP Trial Modification and receive Hardest-Hit funds. You will be contacted by your Servicer to verify if you want to remain in the HAMP Trial Modification or proceed with the HHF Program. Mortgage servicers may have different rules regarding the use of Hardest-Hit Funds with their proprietary, or in-house, modification programs.

In addition, current pending litigation on your primary residence mortgage may affect a servicer's participation in receiving mortgage payments on your behalf. Homeowners involved in pending mortgage litigation, up to and including foreclosure proceedings with the mortgage lender, servicer or other parties, **may not be eligible** to receive UMAP/MLRP financial assistance.

12) A homeowner has questions about the application s/he has already completed or has questions during the process of completing the application.

If during the application process you are unsure as to how to complete the application, or you have any questions at all, please click on the "Assign Me Now" button, which located throughout the application. When you press this button, you will be assigned to an Advisor who can assist you through the application process.
