

****Please Be Aware****

Due to COVID-19

Beginning April 9, 2020, GoLine will be limiting the number of people on a bus to no more than 10 passengers. An overflow bus will be operating from the Main Transit Hub to accommodate additional passengers when needed.

In addition, the following temporary service changes are being implemented on GoLine:

- Saturday service suspended until further notice (effective April 11, 2020).
- Route 11 service suspended until further notice (effective April 9, 2020).
 - The stop located at Orange Blossom will become a *special stop*. Riders can **call** the dispatcher at 772-569-0903 and Route 3 will be dispatched to them.
- Route 15 service suspended until further notice (effective April 6, 2020).

Please be advised that these service suspensions are **temporary** and GoLine will resume its regular operating schedule as soon as conditions permit.

For more information **or questions about arranging alternative transportation**, please contact GoLine Offices at 772-569-0903 or visit the website at <https://golineirt.com/>.

Thank you!
